

Physical processes in the equatorial regions of the oceans - a bibliography

Nova/NYIT Press - The Role of Oceans

Description: -

Oceanography -- Tropics -- Bibliography. Physical processes in the equatorial regions of the oceans - a bibliography
-Physical processes in the equatorial regions of the oceans - a bibliography
Notes: Updates the bibliography in Review papers of Equatorial Oceanography FINE* Workshop proceedings.
This edition was published in 1980

Filesize: 13.72 MB

Tags: #9.5 #Currents, #Upwelling #and #Downwelling

How does the temperature of ocean water vary? : Ocean Exploration Facts: NOAA Office of Ocean Exploration and Research

The amount of CO₂ that diffuses and dissolves in the sea surface water depends on variables such as wind, sea surface mixing, concentrations of CO₂, and the temperature of the water. Marine Biology, 153 5 , 825-841. Plos One, 8 10 , e76869.

Physical processes in the equatorial regions of the oceans : a bibliography (Book, 1980) [tech.radiozamanah.com]

Bacterial community diversity of the deep-sea octocoral *Paramuricea placomus*. Geochemistry Geophysics Geosystems, 12 Q0AF02.

Salinity of Ocean and Seas

Identifying Suitable Locations for Mesophotic Hard Corals Offshore of Maui, Hawai'i. The second form of Tropical Monsoon Climate features wet and dry seasons, with extraordinarily rainy wet seasons and more pronounced dry seasons, similar to that of Dry and Wet Tropical Climates. Detailed Morphology and Structure of an Active Submarine Arc Caldera: Brothers Volcano, Kermadec Arc.

Salinity of Ocean and Seas

These areas are between 8 and 24 centimeters, 3 and 9 inches higher than normal.

9.5 Currents, Upwelling and Downwelling

Ecosystems, 9 5 , 828-842. Unlike coastal zones, these central regions are relatively. The diurnal temperature range is greater than the annual temperature range.

Tropical Regions

A new species of *Pachycara* Zugmayer, 1911 Teleostei: Zoarcidae from deep-sea chemosynthetic environments in the Caribbean Sea. It is one of the very few currents in an ocean gyre that change direction.
