Extraordinary Teens in Ethiopia Help Farmers Save Crops During Locust Crisis

Mercy Corps helped Abdikarim, 32, open a veterinarian pharmacy in rural Ethiopia so he could provide medicine to the pastoralist community. But for many, including Behailu, this was easier said than done.

Advisor: Livelihood and Gender Job at CARE Ethiopia (Job Expired)

Evaluations by the IFPRI show that PSNP is well-targeted towards the most food insecure and poorest households residing in the areas in which the program operates and that the program has improved household and expenditures.

Ethiopia Crisis Response Plan 2020

This means that there needs to be a heavy focus on reducing vulnerabilities of the community, including reducing poverty levels, building capacities and coping mechanisms, and focusing on community resilience UN-ESCAP, 2008. This profligate behavior is rationalized in the framework of economic growth and technological progress.

Ethiopia's displacement crisis is one of the world's most severe.

As of 2 December, the UN was granted humanitarian access in federal government-controlled areas in the regions affected by the conflict and by the resulting displacement. In a world in crisis, the Church remains a leader in responding to the needs of their neighbors — in hope-filled, Christ-centered ways.

Extraordinary Teens in Ethiopia Help Farmers Save Crops During Locust Crisis

The return period at the station Addis Ababa however was found to be only three years two to five years, according to the 95% confidence interval.

Tigray; Triple Crisis

Livelihood studies have also highlighted intrahousehold differences, while arguing that spatial dispersion of household members often accompanies livelihood diversification.
