The Politics of Teaching

RACEWORK: THE GENESIS Casey and McManimon sought to improve on their own prior experiences as former participants in antiracist professional developments PD.

Politics in the public school

Yet nothing could be further from the truth.

Community centers served distinct yet interrelated purposes: on the one hand, the education and socialization of ethnically diverse, working-class youth and, on the other, the revaluation and elevation of urban spaces by taking advantage of the vibrant yet safe creative youth cultures incubated in the community centers. Princeton, NJ: Princeton University Press.

History of pedagogy

In this way, the teachers authentic experiences became the curricula for which to practice a Freirean version of praxis sustained and simultaneous focus on both reflection and action. In such systems, the master, almost exclusively an older father, is designated in accordance with the rules of inheritance. Its aims may range from furthering the general development of human potential to the narrower specifics of the imparting and acquisition of specific skills.
