Wellek famously responded to this with a theory of Romanticism that argued for common characteristics such as symbol, myth and pastoral imagery common to all Romanticism.

E. D. HIRSCH, Wordsworth and Schelling; A Typological Study of Romanticism

To be a critic is precisely to take a stance different from the author's and to pursue a thesis of one's own. Quite the contrary; it is because meaning

can be stable and determinate despite variations in mental acts and linguistic forms that the relation between form and meaning must be indeterminate on the basis merely of rules and conventions. With procedures such as this, the evidence of a correlation between media violence and aggressive behavior becomes more and more persuasive.
