Japanese Candlestick Charting Techniques: A Contemporary Guide to the Ancient Investment Techniques of the Far East

Because of the recent tragic trading record, I began to read it. . And I personally don't like the last two chapters though it is great master piece and no doubt on it.

[PDF] Japanese candlestick charting techniques : a contemporary guide to the ancient investment techniques of the Far East

He took what is complicated and made it presentable. Just buy it already, you'll be thankful you did after.

Japanese Candlestick Charting Techniques : A Contemporary Guide to the Ancient Investment Techniques of the Far East, Second Edition by Steve Nison (2001, Hardcover) for sale online

Well, I won't say either yes or no. . Good book introducing the Japanese candlestick charts for stock analysis.

Japanese Candlestick Charting Techniques: A Contemporary Guide to the Ancient Investment Techniques of the Far East

Part B Candlesticks with Western techniques needed some cross referencing from other sources.

Japanese candlestick charting techniques : a contemporary guide to the ancient investment techniques of the Far East : Nison, Steve : Free Download, Borrow, and Streaming : Internet Archive

Game-changing explanation on technical analysis using Japanese candlestick. It's a good technical guide that is quite easy to read.

Japanese Candlestick Charting Techniques : A Contemporary Guide to the Ancient Investment Techniques of the Far East, Second Edition by Steve Nison (2001, Hardcover) for sale online

Seasoned technicians will discover how joining Japanese candlesticks with other technical tools can create a powerful synergy of techniques; amateurs will find out how effective candlestick charts are as a stand-alone charting method. I applied the techniques to my daily practice, and found I could interpret much more information than I used to.

Japanese Candlestick Charting Techniques: A Contemporary Guide to the Ancient Investment Techniques of the Far East, Second Edition by Steve Nison, Hardcover

The second half of the book, however, starts to mix the candle analysis with western technical analysis and the entire picture become much clearer and efficient. I highly recommend it as an intro to stock trading. Just buy it already, you'll be thankful you did after.
