36 Things You Can Do with a Religious Studies Degree

. The critical study of religion fosters the education of mature and responsible citizens.

Nanzan Institute for Religion and Culture

I also speak explicitly about the distinction between the academic study of religion and religion as devotional practice in order to give them the language to analyze these distinctions as the course progresses.

Cultural Studies

The volumes include essays on the contemporary religious society of every country in the world. Robbins The ontotheological problem is perhaps the defining issue of contemporary philosophical theology, as it reveals that dimension of thought where reason and faith are indivisible and indissoluble—where philosophy recognizes its faith in reason and theology realizes its responsibility to thought.

Department of Religious & Cultural Studies

On some outcomes, such as happiness, civic participation and smoking, these positive links appear in a similar number of countries both before and after taking into account personal characteristics. While results from the regression analysis do not perfectly mirror the unadjusted findings, they bolster the conclusion that when there are differences between groups, they tend to favor religiously active people.

Religion and Cultural Studies (BA) Degree

In 11 of the 30 datasets, when comparing the actively religious against a combined population of inactive and unaffiliated Americans, actively religious Americans are more likely to report top levels of health than all other Americans. . It supports ideologies and practices that target and marginalize minorities, restrict opportunities, and encourage intolerance.

and by Adam B. Cohen

What unifies the series is a set of shared issues and questions rather than a single religious tradition, academic discipline, or cultural focus. Yet in 28 of the 35 countries studied across datasets analyzed in this report, the actively religious are a minority of the adult population: Especially in Europe, but also in some countries in the Asia-Pacific region, levels of affiliation are declining and regular attendance at religious services is relatively rare. .
