See also the , , and. The title derives from the 18th-century German romantic writer, Georg Philipp Friedrich von Hardenberg, who took the nom-de-plume Novalis. The oxyacetylene torch did permit a three-dimensional realization of his earlier form, and the sizzling, violent heat of the process was commensurate with his tortured imagery, which was a response to the immediate post-war psychology of social concern.

Selected Works

In the late forties and early fifties, sculptors were safe to speak of their ideas as involving dreams, emotions, personal mythologies, and social opinions, for in the wake of Surrealism and sculpture with social commentary, they were in line with modern thought. The list contains only works of public art freely accessible outdoors, and not, for example, works inside museums that charge admission. Largely this had resulted because Abstract Expressionism was a powerful force in painting, relatively clear-cut in ideas, and everywhere visible.

Exhibitions and Events

The National Endowment for the Arts established its Art-in-Public-Places Program in 1967, and Percent for Art programs in states, counties, and cities began in the 1970s.
