Illusion Red Blend — Time For Wine

Earlier harvest to capture freshness and acidity or later harvest to capture maximum ripeness and intensity? Among them are , , and as well as some of California's more rare and unique grapes. Origin: California, USA Winery: Illusion Year: 2016.

Illusion Red Blend — Time For Wine

This red blend hails from California from the Illusion winery. Many of the imposing glass objects from Orrefors were created for special occasions, or to special order.

This Clever Wooden Wine Rack Uses an Optical Illusion To Hide The Wine Bottles

We went on a slow Saturday hot summer night and it was 75% full. So why do we grab for these snippets of knowledge, especially since they tell only a tiny fraction of the story and sometimes they can be misleading.

Peirano Estate Illusion Red 2015

This Clever Wooden Wine Rack Uses an Optical Illusion To Hide The Wine Bottles

The 5 illusionists are all very entertaining and even comical. And wine made from Cabernet Sauvignon should have the firm structure and flavor profile that the grape provides whereas most wines made from Merlot are more approachable and less structured. Maybe our curiosity about basic stats flows from a general discomfort experienced by most people, who can be intimidated about the challenges involved in assessing wine.

Illusion Red Blend — Time For Wine

Also, the performers announced on the website did not correspond to the performers on the show. The publication reviews and scores Pinot Noir specifically from California, Oregon and New Zealand. I love sitting in the very front and able to watch the close up magic.
