Catalogue of the Mesozoic Plants in the British Museum (Natural History): The Cretaceous Flora, Part II. Lower Greensand (Aptian) Plants of Britain (Classic Reprint): Stopes, Marie C.: 9781331889960: tech.radiozamanah.com: Books

Most of the specimens described are merely fragments of wood, but their microscopical structure proves to be so well pre served that their organisation can be clearly determined. The Catalogue, indeed, emphasises the necessity for a more extended and exhaustive study of the vegetative structures of the plants which are now living.
