I learned an immense amount of really interesting, meaty stuff about the revolution and the people in it, specifically the women and how this war profoundly affected them, because Abigail Adams was a fantastic, carefully opinionated letter writer. New York, Free Press, 2009. .

Abigail "Tommye" Adams (1922

Callendar wrote The Prospect before Us, calling Adams a half-mad warmonger who intended to crown himself king. I do understand this as I have long been an admirer of her myself. Did her parents encourage her and her sisters to be outspoken when women were expected to be silent? But what upset her the most was the widespread use of slave labor in Washington.
