### Media Release: Canada's Adult Literacy "Problem" and What to Do About It

For example, Alberta has a humid continental climate with warm summers and cold winters. OLMCs in Nova Scotia, Prince Edward Island, Manitoba, Saskatchewan, Alberta and Yukon will be part of the pilot project.

### Oral Language Development and ELLs: 5 Challenges and Solutions

Learning to read: why should we keep things simple? I asked the students to go back to their group and texts and explore important information that they wanted to present in their illustration and caption.

### Labour Force Statistics and Annual Reviews

The Department of Justice's OSC is responsible for investigating charges of job discrimination related to an individual's language or national origin in workplaces with 4 to 14 employees. This review focuses on the development of the literacy and numeracy workforce and critically discusses the roles of qualified and unqualified workers, volunteers and students and the link between teacher qualifications, teacher characteristics and student outcomes.

### Childcare in Alberta during and after COVID

In Alberta, the number of children was only slightly lower than the national estimate, with 54. A rule requiring employees to speak only English at all times on the job can violate the law, if it has been adopted for a discriminatory reason or if, is not uniformly enforced, or if it is not necessary for conducting business. The Foundation Skills Literature Review Project, funded by NCVER, provided scholarships to practitioners to develop their research skills through undertaking literature reviews focused on key topics relating to foundation skills.
