Physics

Amid the current public health and economic crises, when the world is shifting dramatically and we are all learning and adapting to changes in daily life, people need wikiHow more than ever. These laws of nature are rules that all natural processes appear to follow.

The Physics Classroom

Please note, as per the coverage update above, that the pacing guide covers only Units 1—7. These devices have made our lives much easier and faster and more comfortable than in the past.

The Basics of Physics

The biggest difference between a law and a theory is that a law is much more complex and dynamic, and a theory is more explanatory. .

Physics Portal

Branches of physics The branch of science which deals with the interaction of matter and energy is called physics.
