### Shade Garden Design Ideas (How To Design A Stunning Shade Garden)

Think Small When it comes to perennials, good things do come in small packages. It should help you make fewer gardening mistakes and succeed more in your garden design journey! I think this may be the year.

### Garden Plan for Partial Shade

Those large leaves can also be damaged by strong winds, so site accordingly.

### Shade Garden Design Ideas (How To Design A Stunning Shade Garden)

Choosing the right plants for the aspect is key to a successful design. It also gives you the opportunity to include your own creativity and style in the garden. What works in one region where it might be cloudy and damp, might not perform well in a shaded Mediterranean garden.

### Shade Garden Design Ideas (How To Design A Stunning Shade Garden)

Trees provide shade in this cool courtyard garden. A roof terrace in the London neighborhood of Notting Hill yes, that is undeniably charming but limited on space.

### Design Basics: Mapping the Sun on your Site

But your work as a designer has just begun.

### Garden aspects explained

The translation from paper to reality is never perfect. Good drainage is a must. Garden Ninjas advice would be to plant them under a tree or somewhere with at least some shade then you can get the best out of them.
