Indian Oil and Gas Canada

The management and development of our resources is important for the socio-economic development and well being of our people. The board is also mandated to develop a vision for collective First Nations control and full management of their resources. Our site utilizes key information surrounding our members and communities that are a part of the organization, a forum to discuss issues important to our people, outline our programs and initiatives that we are excited to be a part of and new updated resources for our people.

Indian Oil and Gas Canada

The Role of the Board is to co-manage IOGC in accordance with existing legislation and regulations, focusing on areas of common interest such as IOGC issues, policies, plans, priorities and resources. Royalties, which are calculated and collected by IOGC, are deposited in regional Trust Fund Accounts. IOGC assists the First Nation to reach agreements with companies and also ensures fair returns before IOGC and the First Nation approve the agreement.

Royal Assent Given to Legislation Modernizing the Indian Oil and Gas Act

In the 1970s, the Indian Minerals unit was split into two geographically-based entities, Indian Minerals East and Indian Minerals West. Publisher: Ottawa : Indian and Northern Affairs Canada, 1991.

First Nations sue Ottawa for failure to protect oil, gas rights

Although not directly related to the oil sector, this concept forms the basis for future anti-pollution and climate change strategies.

Royal Assent Given to Legislation Modernizing the Indian Oil and Gas Act
