I wish you every success. While this is not wise for the sake of the economy doing the subsidizing, it is not right to correct the situation by punishing the American consumer with tariffs and quotas. Chile's Copper Surplus: The Road Not Taken A 710-019.

**The Concise Guide to Economics on Apple Books**

We recommend consulting the most recent editions of the Concise Oxford. While it uses some dated examples, the underlying message remains relevant today: economics is best viewed as a long game that factors in both known and unknown elements that can influence outcomes. Later chapters provide a brief monetary history of the United States as well as the basics of macroeconomic accounting.

**Competition and Market Structures**

The United States was built upon the ideas of Friedrich List and not those of Smith.
