**Biohistory : the interplay between human society and the biosphere : past and present**

Liberation Ecologies: Environment, Development and Social Movements.

**Ecology and Religion: An Overview**

Despite the hostile climate, since the Bronze Age the populations of Southern Turkmenistan have been able to create, through an impressive network of canals, an artificial agricultural territory with villages and large towns. Prehistory of the Indo-Malaysian Archipelago. Excavations at the site of Bashtepa, at the western interface of the Bukhara oasis and the Kyzyl-.

**Sonstiges, Biological Chemistry**

Palaeoecological evidence for possible pre-European settlement in the Falkland Islands.

**Gerry Marten**

Until the 1960s, mercury was widely used for industrial processes such as paper and plastics production. Global Ecology and Biogeography Letters 7: 167—180.

**Max Oelschlaeger, The Idea of Wilderness: From Prehistory to the Age of Ecology**

The Reenchantment of Nature: The Denial of Religion and the Ecological Crisis. Distancing itself from creedal positions, religious studies developed as a distinctive area from theology that emphasizes particular denominational interpretations of religious life. We must recognize the Earth's limited capacity to provide for us.

## **Biohistory : the interplay between human society and the biosphere : past and present**

This article appears in the feature series. Intense use of renewable resources can damage the ability of ecosystems to provide the resources explained in more detail in Chapters 6, 8 and 10. This documents the concern and motivation of professional ecologists to preserve natural landscapes.

### **Gerry Marten**

Is biodiversity conserved by indigenous peoples? Contemporary hunter-gatherers: Current theoretical issues in ecology and social organization.

### **The wild yam question: How well could independent hunter**

Along with the sense of divine order in creation, another biblical and Qur'anic theme is God's loving care for creation.
