Plus One (Prime)

The results were so positive that this divide between day and night was applied to the rest of society. This 10-digit number is your confirmation number.

Plus One (Prime)

After seeing all that criticism about the ending I was worried, but in the end I appreciated it.

35 of the best movies on Disney Plus

And simply as beautiful as the cover — which actually takes my breath away! Not only entertaining, but a technical breakthrough in modern American animation, Who Framed Roger Rabbit is one to marvel at.

PlayStation®Plus

Once again, it felt as if D'Arcy and Sol rushed into this because their time was so limited and while I am able to understand that sentiment, I wish that their experience had some meaning. And my heart broke for that.

'Lord of the Rings' Series at Amazon Reveals Official Synopsis

With superb lead performances and portrayal of Depression-era life, The Journey of Natty Gann is an '80s gem worth checking out.

Plus One

If you're looking for a unique twist to the dystopian genre, grab this one. It may also be worth noting that Episode II sets up the animated movie The Clone Wars, and a six-season animated TV series also under the same title — all of which lead to the events of... 3. Disney Plus If you loved Inside Out, Soul is definitely for you.

She gazed at me serenely, she was at peace.

Plus One by Elizabeth Fama

My biggest problem with this has to do with the world building and the flashbacks. Plus One begins with Sol, our protagonist, planning to break into a hospital in broad daylight with the intention of showing her dying grandfather the face of his great-granddaughter before he passes away.

Solo 2018 The adventures of Han Solo were always going to be ripe ground to tell interesting new Star Wars stories, so when Disney announced a spin-off about the scruffy nerf-herder, few fans were surprised.
