. It is a record of its existence as a living organism, or perhaps more to the point, a presentation of the difficulty of perceiving and recording a spruce tree with the methods of visual documentation invented by humans. It should be documented that no hazardous paints has been used.

### **Necus**

AF Gruppen is searching for the best suppliers and subcontractors to win and execute interior works on several monumental and very large projects in Oslo, Norway. The work is a portrait of the tree.

### **Eija**

The next moment of history, Morton writes, is the moment at which humans catch up to the ecological knowledge that has been pressing on them for almost two hundred years. November 1992; Westfälischer Kunstverein Münster, 4.
