A Historical and Legal Study of Sovereignty in the Canadian North: Terrestrial Sovereignty, 1870

Most recently, Canada's claims that the marine passageways within the Archipelago are Canadian internal waters have been actively challenged by the United States, who claims instead that these are international waters. The Arctic Circle crosses it about a third of the way south from its most northern point, neighbouring on Norway, which is roughly 1,700 kilometres from the North Pole. DENMARK Area continental : 43,098 sq km Greenland area: 2,166,086 sq km Population continental : 5,584,758 2012 Population Greenland: 57,695 July 2011 est.

The Arctic, country by country : Diplomat Magazine

The creation of Nunavut has helped promote self-government.

A Historical and Legal Study of Sovereignty in the Canadian North: Terrestrial Sovereignty, 1870

In the course of four winters in the ice, he discovered several islands west of Ellesmere and mapped large portions of the high Arctic. From the 1920s through the 1940s, the great Canadian navigator Henry Larsen patrolled our Arctic waters aboard the famous RCMP schooner St.

A Historical and Legal Study of Sovereignty in the Canadian North: Terrestrial Sovereignty, 1870

Unknown to the West, the Soviets established a second drifting station — North Pole-2 — in 1950, which determined that more observation of the Arctic was required. Most challenges to Canada's arctic sovereignty have historically come from the United States.

Securing Canadian Sovereignty in the Arctic

The military exercise we are launching today will take the Canadian Navy farther North than it has been for many decades. The agreement reached over the Sverdrup Islands was an intricate compromise that involved no transaction or sale of territory. Sverdrup attempted to circumnavigate Greenland via but failed to make it through the.

Norway really drop their absurd claims such as that to the Otto Sverdrup Bi

The second section of the book deals with the Canadian Arctic expeditions between 1903 and 1948, led by intrepid men such as A. It exports heavy fuel oil, light fuel oil, gasoline and diesel oil.

Ships of Wood and Men of Iron: A Norwegian

Increasing nationalism through the 19th Century led to a referendum in 1905 that granted Norway its independence. According to a 2011 report, the of four, the measured 1,699 km² 656 sq mi northwest sector only ; the Meighen Ice Cap measured 75 km² 29 sq mi ; the Melville South Ice Cap measured 52 km² 20 sq mi and the White Glacier, glacier was 39 km² 15 sq mi.

Queen Elizabeth Islands

After the dissolution of the Kalmar Union, Sweden engaged in several wars with Denmark and became a great power in northern Europe.
