**Let There Be Laughter: A Treasury of Great Jewish Humor and What It All Means by Michael Krasny**

That is the main negative for me. Full of jokes and a little bit of interesting analysis, it was great to listen to on a recent car trip.

**TREASURY OF JEWISH HUMOR By Nathan Ausubel \*Excellent Condition\***

Such a wonderful language that risks disappearing, even though many of its colorful words and expressions have become part of our everyday lexicon.

**Let There Be Laughter: A Treasury of Great Jewish Humor and What It All Means by Michael Krasny**

More of it would be too much, less of it would be too little, this book is just the right amount of stories intertwined with relevant jokes, a delightful history of Jewish humour imbedded in the American culture. Jokes you've heard a million times. The book is divided into several sections that relate to humor, the meaning of Yiddish words and how they have evolved over the ages.

**Let There Be Laughter: A Treasury of Great Jewish Humor and What It All Means**

Features sections on the supernatural, humor, the Holocaust, and even has folk songs. So I was extremely excited when Pr 'Let There be Laughter' written by Michael Krasny, who is a Professor of English Literature and host of the noted NPR show 'The Forum'.
