The Universe Is Flat — Now What?

COSMOLOGY CALCULATORS Most reports I read at popular science sites that date the age of the universe as 13. The Bible suggests angels will carry believers into the heavenly realm Lk 16:22.

The Universe May Be Round

Source: , by Di Valentino, E. Taking the Planck data hinting at a curved universe in isolation, we have two possible options: — Planck is telling the truth, and the universe just might be curved. Evolution provided us with intuition for the everyday physics that had survival value for our distant ancestors, so whenever we venture beyond the everyday world, we should expect it to seem bizarre.
