Sample Test Questions

Review Questions Start your studies for the certification exam with this book of 345 multiple choice items that follow the same format as the items on the CMSRN exam from MSNCB.

Certification Review Course

Additionally, you need to have two years as a practicing, full-time nurse, 2000 hours of clinical practice in medical-surgical nursing in the past three years, and 30 hours of completed continuing education in medical-surgical nursing.

Certification: CMSRN Resources & Prep Materials

Domains of practice are derived from nursing theory and define elements used by the professional nurse in achieving positive outcomes for their patients.

Business Solutions: Certification Review Course (CRC)

Testing can be scheduled Monday through Saturday with the exception of holidays. We can offer this course in person or virtually.

Certification: CMSRN Resources & Prep Materials

I honestly thought the exam was hard and barely finished my 150 questions in 3 hours.
