## THE BIRTH OF THE AUTHOR: MILTON'S POETIC SELF

In May 1638, Milton embarked upon a tour of France and Italy that lasted up to July or August 1639. Despite the Restoration of the monarchy Milton did not lose his personal faith; Samson shows how the loss of national salvation did not necessarily preclude the salvation of the individual, while Paradise Regained expresses Milton's continuing belief in the promise of Christian salvation through Jesus Christ. During this period Milton published several minor prose works, such as a grammar textbook, Art of Logic, and a History of Britain.
