## What will the Middle East look like in 2030? An Israeli Perspective

Hiltermann: Director of MENA Programme, International Crisis Group — Roxane Farmanfarmaian: Affiliated Lecturer in International Relations of the Middle East and North Africa, University of Cambridge — Andrew A.

## What will the Middle East look like in 2030? An Israeli Perspective

Lebanese Hezbollah is as potent a force as ever, not only fighting in the Syrian civil war, but also maintaining a global footprint and remaining on the cutting edge in terms of its ability to harness emerging technologies like unmanned aerial systems, or drones. President Donald Trump ordered the assassination of Islamic Revolutionary Guard Corps Quds Force IRGC-QF commander. And you can start to see where the risks to that are not terrorist groups.

## What will the Middle East look like in 2030? An Israeli Perspective

Across some conflict zones, pressure from counter-terrorism operations have widened the range of targets that militants perceive as legitimate.

## Stability in the Middle East: The Range of Short and Long

While these challenges pose serious risks to Canadian security, Ottawa will also have the opportunity to limit such risks and prevent a spillover effect vis-à-vis effective humanitarian initiatives in the region. But is it strategic thinking? As the United States continues to shift resources and redeploy troops in various theatres, there could be openings for terrorist and insurgent groups to take advantage of potential power vacuums. I have Carter Malkasian with me.

## Trends in Terrorism: What's On the Horizon in 2020

What does the future look like for its 500 million people? Jones: I saw you in Kunar when we were there. Al-Qaeda and its affiliated organizations may see an opportunity in the coming year to capitalize on the October 2019 death of Islamic State leader. Although the Iranian presence in Syria

is initially reduced, it is gradually reconstituted in the years that followed and Israel found itself unable to militarily intervene in order to prevent that.

### **Trends in Terrorism: What's on the Horizon in 2021?**

Given the number of high-profile attacks in 2019, including the Christchurch massacre in New Zealand, violent white supremacy extremists and neo-Nazis may feel emboldened and attempt to use their perceived momentum to recruit more members and plot similarly devastating attacks in the year ahead.
