Japan's World and World War II

At the same time, ironically, the war seems in the long run to have brought Japan unprecedented peace and prosperity.

Un contrôle tributaire de l'excès de pouvoir, Dalloz, 2002 OKITSU, Yukio Jun. Kingsbury's talk about Global Administrative Law OKITSU, YukioGlobal Administrative Law -- Talking with Professor Benedict Kingsbury, 24 Nov.

Japan's World and World War II

Defeated Japan was allowed to retain its nation-state under the imperial family, whose lineage spans the entirety of its history; and by the 1970s Japan had become the world's third largest industrial power, the only non-Western member of the G-7. Kenpō Rikken shugi to sanmin shugi goken kenpo no genri.

The meaning of World War II is still elusive for the Japanese people.

Japan's World and World War II

. If the manner of remembering the war is not obvious, it is also the case that there is no single war to remember.

Miyazaki, Shigeki, 1925

Even today, the war projects conflicting self-images of Japan in the various battlefields of Asia and the Pacific: friend, guardian, aggressor, conqueror, victim, superior, weak. And so one might think that the war was not a completely futile battle after all. Ho no seishin Hōgaku Hōritsu shisōka hyōden Ichō no namiki Iwanami hōritsugaku shōjiten Japan's constitutional problems and her political chart.
