Lane Michael R

Stead continues: The conception in those day 1880 was confined to few, but nowadays the parties led by Lord Rosebery and Lord Salisbury would vie with each other in asserting their readiness to recognize the European Concert as the germ of the United States of Europe, and to develop the concerted action of six Powers in relation to the question of the East into a Federated Union of all the European States. Those arrested were subjected to terrible treatment in the prison of Montjuich, from which several died, while five anarchists were officially executed eighteen were condemned to long imprisonment and acquitted prisoners were deported to a Spanish prison colony in the western Sahara.
