At its best, American society becomes a web of individual and communal partnerships in which people link with one another to accomplish common purposes or to create a common environment without falling into collectivism or allowing individualism to degenerate into anarchy. Hutchinson went further, claiming that God had communicated to her by direct revelations and declaring that she was capable of interpreting the Scriptures on her own. The states were the first to write constitutions.

Thus, the opening paragraph of the Declaration asserts that Americans are no longer transplanted Englishmen, but a separate people entitled, like all peoples, to political independence.

### **America began in a covenant with God**

Finally, he concludes, that one must share one's wealth with others - even if they cannot repay their debts to you. How much dissent can a religious community tolerate? Yet the governmental outcome of the Revolution could have been very different. Now the only way to avoid this shipwreck, and to provide for our posterity, is to follow the counsel of Micah, to do justly, to love mercy, to walk humbly with our God.
