City Hall

Introduction Late summer, 1666: London was an emotional and physical tinderbox. Join Winnie the Pooh on his in London, from Kew Bridge to. What worried inhabitants most was the strong east wind.

Home Page

Despite a culling of Victorian buildings between the 1940s and 70s, the sheer scale of development has led a much higher survival rate. It would prove as equally efficient as fire in taking lives.

The evolution of London: the city's near

Fires in London were common, even inevitable, given the capital's largely timber construction. Furthermore, a long, hot summer had left London dry and drought had depleted water reserves.

Petershill Park â€“ tech.radiozamanah.com

Get up close and personal with underwater creatures at SEALIFE London Aquarium or explore the Science Museum, London's interactive hub of science and technology. They even see a royal procession at Buckingham Palace.
