Viewing the Kenyan health system through an equity lens: implications for universal coverage International Journal for Equity in Health Full Text. Each lesson lists appropriate grade level, objective, materials needed, time required, and procedure.

Melek Mutioğlu Özkesen

It has a significant bearing on equitable access to healthcare: indigenous healing is bridging the gap where there is either no clinic or vet, or where people do not trust biomedical medicines and doctors. The original people have accepted successive small groups of Bantu settlers, including some of the refugee migrants from northern coast. People do not know who the biomedical doctors are, and the ingredients and process of producing biomedicines are unknown.
