Pork industry in Canada

Developed at the Lacombe Research Centre in Lacombe, Alberta, the breed was first licensed in 1957. There is no secret recipe for best home-cured bacon.

The Pork Industry during the 1950s and 60s

Slaughtered animals must be disease-free and are inspected by government veterinarians. This lean meat consists of an average of 38.

4 types of bacon everyone should know

As a Canadian now living in San Francisco, I can tell without a doubt that the product they call Canadian Bacon in supermarkets is not really Canadian Bacon -- it is just glorified ham.

Canadians Don't Call It Canadian Bacon. Here's Their Name For It.

For instance, packinghouses in the 50s were on a quest for new machines to process the meat and reduce labor costs.

Hog & Pig Farming in Canada

Canadian pork exporters build on a tradition spanning back to nineteenth century. Mary McMahon Last Modified Date: February 03, 2021
Canadian bacon is a pork product.

Pig Farming

Canadian bacon is more like ham and comes from a different part of the pig.

Canadians Don't Call It Canadian Bacon. Here's Their Name For It.

Other diseases also struck a number of herds, especially since the start of the millennium, such as porcine reproductive and respiratory syndrome PRRS and porcine circovirus PCV2. The average herd size increased accordingly.
