The first Phantom air-to-air victory of the war took place on 9 April 1965 when an F-4B from piloted by Lieutenant junior grade Terence M. During the war, the VPAF lost 131 MiGs in air combat 63 , eight and 60 of which one half were by F-4s.

F

Rhory Draeger blasted one of them, Magill fired a Sparrow missile, followed by another. The 110 ICE-upgraded F-4Fs entered service in 1992, and were expected to remain in service until 2012. The all-moving tailplane was given 23° of to improve control at high angles of attack, while still keeping the tailplane clear of the engine exhaust.
