## Electronic Communication Law and Legal Definition

As points out, young people prefer instant messaging, social media and other communication channels rather than email. Regulated businesses need to routinely monitor the content in all social media posts and be prepared for audits by one or several agencies. Likewise, communication with employees from different locations enables companies to manage personnel from offsite, allowing companies to seek employees in areas of the world that improve cost effectiveness, while at the same time providing employment opportunities to certain regions that might not otherwise be available.
