SDG Indicators — SDG Indicators

The two nations are signatories of 3 December 1977 on common regulations for fauna and flora among the member states of the Lake Chad Basin Commission Cameroon, Niger, Nigeria and Chad.

Knowledge 4 All

For example, if terrorists attacked a military base in Iraq and wounded one civilian bystander, that victim would be deemed collateral, and the incident would not be counted. Based upon a combination of reporting and demographic analysis of the countries involved, well over 50 percent of the victims were Muslims, and most were victims of attacks in Iraq. The months with the most combined casualties people killed and injured were June, July, August, and September.

Country Reports on Terrorism 2015

These include: Turkey +1,630%; not listed in Table 2 , Egypt +257% , Bangladesh +150% , and Syria +62%. In general, comparisons of aggregate statistics over time and between locations should be interpreted with caution due to considerable variation in the availability of source materials.

Niger

The data below was released 1 December 2020 or as : Economic Outlook 108 Annexes 1.

Niger

Security forces, suffering a few casualties, prevented the attackers from damaging processing capabilities.

Country Reports on Terrorism 2015 National Consortium for the Study of Terrorism and Responses to Terrorism: Annex of Statistical Information

Of the remaining attacks, 31% were carried out by Tehrik-i-Taliban Pakistan TTP.

Country Reports on Terrorism 2015

It also allows you to accept potential citations to this item that we are uncertain about. Police targets in Afghanistan were more than twice as prevalent as police targets worldwide 19%.

Niger : Statistical Annex

Even when official forecasts do adjust for working days, the size of the adjustment may in some cases differ from that used by the OECD. These include, Pakistan -69% , Bangladesh -43% , the Philippines -18% , and Egypt -17%.
