Drugs, teenagers and parenting

Drugs Destroy Creativity One lie told about drugs is that they help a person become more creative. But many drugs have another liability: they directly affect the mind.

Why Do People Use Drugs? How Do Drugs Work?

To Support Ministries We would like to hear from you. Drugs other than cannabis were the primary substance for only 8% of persons. Compared with swallowing a drug, inhalation and injection are more likely to lead to overdose and dependence.

How drugs affect your body

For young people, adolescence is often emotionally difficult and sometimes even depressive. By taking a similar, less expensive prescription drug on a lower tier, you could pay much less than you would for a more expensive prescription drug on a higher tier.

Part 4: Drug use among young people

However, there are also other reasons why young people try drugs and sometimes become drug addicts.

Part 4: Drug use among young people

In large amounts stimulants may cause anxiety, panic, seizures, stomach cramps and paranoia. Taking drugs does not help us avoid these feelings, but it can be the reason we will not be able to deal with negative feelings without drugs.
