## Macmillan Revision Guides for CSEC Examinations Home Economics

Macmillan Primary Integrated Studies for Jamaica is a new course developed by a team of primary school teachers in Jamaica which closely follows the requirements of the Primary Integrated Curriculum. Using this content to teach the English language can make the learning process even more engaging, imaginative and motivating for students. The course gives healthcare professionals a better understanding of the new FIT Faecal Immunochemical Test bowel cancer screening test, such as the benefits of the test and the role it plays in symptomatic patients, and also aims to increase confidence in promoting bowel screening to patients.

This part not only helps them to improve the writing skills, but it also helps in building a base for professional development.

## CIVICUS Youth Action Lab 2021 for Youth from the Global South (Funded)

The Challenge Young people are facing increasing barriers and threats to their activism. The language used in lyrics can be casual, tell a simple story or convey strong emotions, which should help learners to establish a connection with the language because it will give them new ways to describe their feelings in different situations. Willemstad: Institute for Language Planning of Curaçao and University of the Netherlands Antilles, 2010.

## Macmillan Primary Integrated Studies My Body Grade 2 T1 Workbook

Application Deadline: February 1st 2021 is a one year co-creation lab for grassroots youth activists based in the global south which works to support their movements to become more resilient and sustainable in their pursuit of a more equitable world. Through extensive research and consultation with stakeholders, CIVICUS has come to understand that designing an alternative resourcing mechanism that centers meaningful youth participation is imperative to achieve a sustainable, resilient, and inclusive civil society.
