The political situation in Florence at the time was very turbulent; the two feuding factions within the Guelph party in Florence, the Cerchi and the Donati or the Whites and The Blacks were both vying for power. The recent traces of his flight, his bones buried in an alien land, and his children scattered in the houses of others, still in part bear witness to these things. A sister is possibly referred to in the *Vita nuova*, and his father is the subject of insulting sonnets exchanged in jest between Dante and his friend Forese Donati.
