Derbyshire Record Office

I , Early 11th century This church originally served a village that is now. He also played a pivotal role in setting up the British Crystallographic Association in 1982, from two committees he had helped form, the European Crystallography Committee 1970 and the United Kingdom Crystallographic Committee 1969. Other than the addition of windows, it has been little changed since it was built in the 12th century.
