## Laughter and Truth in Doktor Faustus Nietzschean Structures in Mann's Novel of Self

The book was published in multiple languages including English, consists of 535 pages and is available in Paperback format. The emphasis on the Faust legend not only is a gesture to the progression of German culture, but its commentary on pride, greed, lust for greatness, and the loss of humanity are intended to apply to the state of Germany following World War II.

### Doutor Fausto (Mann)

Die Geburt der Tragödie aus dem Geiste der Musik 1871 , in Nietzsche's Werke. Julius Peterson and Hermann Schneider 1943ff. But our way is blocked by Serenus.
