Mental Health Treatment: Then and Now

I am at a point where I may need some changes or may need to seek some sort of help. Next, the user might pick some new strategies to try and then use the app to track how often those new skills are practiced.

How States Can Conduct a Needs Assessment

Territories for mental and substance use disorders.

Treatment Options

Financing strategies that reimburse collaborative care services are essential to realize these goals.

Mental Health Assessment and Screening Tools

Journal of General Internal Medicine 2009;24:440. Short, simple questionnaires typically have better response rates than long, complex surveys.

Law and Health Policy

Anxiety management and relaxation techniques can be used to treat the patient with a mental disorder.
