Law's Virtues

According to the proximity principle, while Parliament may be the principal agent on certain limited matters, it is the subsidiary agent on most others. While the Afrikaners who benefited themselves under the apartheid system are still well off in this democracy, they own vast land and enjoy economic monopoly.

Autonomy and Solidarity: Interviews With Jürgen Habermas (Revised edition)

But we can make ourselves aware of his case and learn from his words. At the present time they are raised to unprecedented levels; they appear virtually insurmountable. For example, Hofstede found that people from cultures with high levels of uncertainty avoidance tended to be much more emotionally expressive and anxious.

Habermas: Autonomy and Solidarity

Cultures with a low tolerance for ambiguity do not, because their cultural programming has effectively brainwashed them to feel intensely anxious in the presence of anything new and different. An even greater problem is that people are deprived of their minds. Indeed, the principle of subsidiarity does not require the allocation of legislative power to the institution that would be the most effective in dealing with a particular matter, it rather means that the most proximate institution must govern the matter unless it is unable to do so.

Habermas: Autonomy and Solidarity

What theoretical traditions do you see the collective within? In every other area of Occupy culture, our positions and principles can be described by reference to Hofstede's scales. However, people may be afraid of mobilising because we are at a peak in COVID-19 infections. Cooperative federalism is thus normatively justified by the need for each level of government to protect and promote the interests of a shared citizenry forming a common body politic.

A New Form of International Solidarity

There too, larger segments of society are always excluded from the system or brutally exploited and suppressed by it. Thinking ethical and regulatory frameworks in medicine from the perspective of solidarity on both sides of the Atlantic.

Dignity and Autonomy in Social Protection Systems

RDLR : What theoretical traditions do you see the collective within? The research base may be solid, but unless the work is grounded in a strong culture of solidarity among teachers and between them and their administrators, the PLC will be a waste of time.

A New Form of International Solidarity

Law and Morality: Understanding the Relationship Section II: Life Issues and the Law 3.
