## Does the Ancient Sumerian Language Predate the Flood?

In Persian history around the time period the inscriptions were expected to be made, there were only two instances where a ruler came to power without being a previous king's son. Within the text, the father and son of the king had different groups of symbols for names so Grotfend assumed that the king must have been Darius. The script was also widely used on commemorative and carved reliefs to record the achievements of the ruler in whose honor the monument had been erected.

## PASSAGE TO EGYPT

In 2019, a study by on fossil corals in provides an evidence that prolonged winter seasons led to the of the irrigated fields; hence, a dramatic decrease in crop production triggered a widespread famine and eventually the collapse of the ancient Akkadian Empire. Retrieved September 18, 2016 — via Virtual Library of Virginia. .

3,000

Each Sumerian city had a temple dedicated to its guardian deity and would either be governed by an ensi or a lugal. These consisting of Figures, obelisk, triangular, and pyramidall, yet in such Simmetry and order as cannot well be called barbarous.

## Mesopotamian art and architecture

The location of Armanum is debated: it is sometimes identified with a Syrian kingdom mentioned in the tablets of Ebla as , whose location is also debated; while historian Adelheid Otto identifies it with the Citadel of Bazi at the Banat complex on the Euphrates River between Ebla and , others like identify it with.

## Reading Cuneiform

For reasons unknown the tablet is partially broken Enkidu is in a sad mood.

### **Reading Cuneiform**

The University of Texas at Austin Linguistics Research Center. . A great banquet is held where the treasures are offered to the gods of the Netherworld.

### **Sumerian Anunnaki Archaeological Discoveries, Artifacts, and Recovered Records DOCUMENTARY • Soul:Ask**

Thus the name of a king of , read Ur-Bau at one time, was later read as Ur-Engur, and is now read as or Ur-Namma; for , a king of , some scholars continued to read Ungal-zaggisi; and so forth. Brick was the ordinary building material, and with it cities, forts, temples and houses were constructed. My theory and Whittaker's is that most of these cognates are loanwords from an IE language.
