### Apply for funding

It is the Foundation's policy to assist those dynamic areas of basic biological research that are not heavily supported by federal agencies or other foundations with specialized missions. The guidelines specify that an organization established on French territory and receiving donations must carry out an eligible activity in France, except for 1 activities concerning the spread of the French culture, language or scientific knowledge, and 2 the organization and implementation of humanitarian programs. This may include efforts to develop equitable surface transportation system decarbonization plans in select Great Lakes cities; to secure adoption of local and state policies to begin implementing those plans; and to develop and secure adoption of electric vehicle charging infrastructure policies for Great Lakes states to accelerate the shift to electric vehicles while protecting low-income utility customers and those who do not own cars.
