Promote law-based governance of the country in an all-around way. The rule of law is the basic way for running the country. We hope that the two sides will jointly explore cross-Straits political relations and make reasonable arrangements for them under the special condition that the country is yet to be reunified. We must implement the strategies for making China strong by developing science and education and training competent personnel and the strategy for pursuing sustainable development.

## Social Programme & Excursions

We should strengthen and improve education and training of officials to enhance their competence. Soyons prudents, mais la vie continue. Comme dans toutes les grandes villes européennes, des mesures de sécurité renforcées sont mises en oeuvre.

## Eugeo2017

National Movement Rise of Indian nationalism, social and economic bases of nationalism. The underlying theme of the congress is to hold high the great banner of socialism with Chinese characteristics, follow the guidance of Deng Xiaoping Theory, the important thought of Three Represents and the Scientific Outlook on Development, free up the mind, implement the policy of reform and opening up, pool our strength, overcome all difficulties, firmly march on the path of socialism with Chinese characteristics, and strive to complete the building of a moderately prosperous society in all respects. With innovative military theories taking the lead, we should enhance our capacity for innovation in defense-oriented research and industries, modernize the military organizational structure, and build a system of modern military forces with Chinese characteristics.

**Hansgeorg Schlichtmann**

We should develop ourselves by securing a peaceful international environment and uphold and promote world peace through our own development. The Scientific Outlook on Development is the latest achievement in developing the system of theories of socialism with Chinese characteristics, and it is the crystallization of the collective wisdom of the Communist Party of China and a powerful theoretical weapon for guiding all the work of the Party and country. The cartographic journal, 22 1 , 23-30.

**Davis, William Morris, 1850**

Major progress should be made in changing the growth model. Taking the pursuit of development in a scientific way as the underlying guideline and accelerating the change of the growth model as a major task is a strategic choice we have made for promoting China's overall development. Peaceful reunification is in the best interests of the Chinese nation, including our compatriots in Taiwan.
