## Mapping the Women's Movement: Feminist Politics and Social Transformation in the

The Feminist Peace Network established the , to provide a supportive, global space for feminist analysis, response, organizing, and networking within the global Occupy movement.

## Occupying the Occupy Movement

Provides several case studies including articles on labor, civil rights, women, the environment, religion, and politics. The practice of female genital mutilation came under attack, and honor killings were publicized, drawing worldwide condemnation. It considers key ideas from resource mobilization theory, the political process model, and new social movement approaches.

## Occupying the Occupy Movement

Tilly explains why social movements are but a type of contentious politics to decrease categorical inequalities. It provides an expansive commentary on the role of culture in social protest, and looks at substantive areas in chapters dedicated to religious movements, geography and struggles over space, media and movements, and global activism. While structured around traditional social movement concepts, each section combines the mapping of the state of the art with attempts to broaden our knowledge of social movements beyond classic theoretical agendas, and to identify the contribution that social movement studies can give to other fields of knowledge.
