The Classical Era Symphony, as a musical form, consists of four movements. In the transition to the classical period there were several names given to multimovement works, including divertimento, serenade, and partita, many of which are now regarded effectively as sonatas. Eo e } function yo e {return!! The Sonata in the Classic Era is the second and much the bulkiest of the four volumes projected in A History of the Sonata Idea.

Sonata Form started to be used by composers in the Classical period of music 1750-c. A connecting episode of music is usually heard before the 2nd theme enters.

The sonata in the classic era (1983 edition)

In his late years of composing, Clementi had a reputation that rested almost solely on his ability to write works for the piano. These consisted of sonata-allegro, ternary, rondo, and theme and variations.

For whom the sonatas were written is also unknown. Newman, who wrote The Sonata in the Classical Era, which does nothing more than grope at the subject in dreary language. Generally, amateur musicians, who were trying to gain a reputation, or who were simply performing for the pleasure of small groups performed the sonatas.
