Discovery Programme: Report 6

Every townland and parish in Ireland is made up of a tapestry of archaeological monuments, landscapes, settlements and place names.

Discovery Programme: Report 6

The report includes studies of the following projects: Western Stone Fort Project, Ballyhoura Hills Projects, North Munster Project, Tar Project and Palynological Study in County Louth.

Discovery Programme: Report 6

Landscape and settlement in Late Iron Age Ireland: some emerging trends Chapter 8.

Discovery Programme Reports: No. 1: Project Results 1992

This is a preliminary publication mainly examining the issues of sources and methodology. Barry Masterson writes a detailed survey on Carn Tighearna in County Cork and discusses the use of up-to-date surveying techniques.

Discovery Programme Reports: No. 5 by Edel Bhreathnach, Claire Cotter

. La musique est un puissant excitant du rêve. We believe that good research needs to be promoted, sustained and communicated.

Discovery Programme Reports: No. 5 by Edel Bhreathnach, Claire Cotter

An indispensable record of the sites, it was commissioned by the Discovery Programme Panel, the State-funded archaeological research institution Purchase Online: Discovery Programme Reports: No.

Discovery Programme Reports: No. 5 by Edel Bhreathnach, Claire Cotter

By default, the export is named the same as the query it's based on, but you can change the name. Nous allons prendre notre temps. An indispensable record of the sites, it was commissioned by the Discovery Programme Panel, the State-funded archaeological research institution.
