The most notable of theories to develop was Walter Bromberg and Franck Simon's protest psychosis; the condition after which Metzl chose to title his book. Q: Are there any insights from psychology that could inform police de-escalation policies and reduce violence against black protesters? And as more and more people speak out, there is a growing sense of commonality and recognition that this must change. Part historical case study and part social commentary, Metzl utilizes the complex history of the Ionia State Hospital for the Criminally Insane in Ionia, Michigan to showcase the detrimental impact that shifting definitions of schizophrenia had on Black men.

## Protests over killings of black people could erode racism, researcher says

Divergent perceptions of the unrest have roots in unconscious biases and knowledge of historical contexts, says James Jones, a professor emeritus of psychology at the University of Delaware, Newark, who has studied the psychology underlying prejudice and racism. Covers show light edge wear.

## PROTEST AND PREJUDICE. A Study of Belief in the Black Community. Revised Editi..

According to Metzl, however, the damage done by its assertions is evidenced in society today. People from a variety of racial backgrounds are speaking out because they feel obligated to do so, an obligation to humanity. Beginning with Volume 36, Issue No.

. Though the detailed stories of each patient give texture to the content of the book, it appears that Metzl took a great deal of editorial liberty in his descriptions which, at times, resemble fiction. It is because of this commitment, perhaps, that he fails to make any mention of disability studies in his analysis.

**Reviews of Protest and Prejudice**

The response to these stereotypic associations is often fear, particularly of black men. Metzl highlights the similarities that the prison continues to share with the hospital. A: At national funding agencies, there is a hierarchy of value of, and funding for research into racial justice is slippery and grudgingly provided.
