His major personal project in the 1650s was De Doctrina Christiana, a work in which he tried to state formally all of his religious views. In Florence, he most likely met Galileo, who was under house arrest by the Inquisition for his heliocentric views of the solar system.

John Milton

Defensio pro populo Anglicano was published in February, 1651. To cite this article: Jokinen, Anniina. Early Years John Milton was born in London on December 9, 1608.

John Milton Series by Mark Dawson

Users who misuse the template will be blocked for a week minimum. Fitting with his status as the embodiment of adversity, Milton was shown to make holy water boil just by touching it and grinning at a stain-glass image of Jesus as if to display his power over the physical world.
