Much of the thematic material is shared between different versions, albeit with rhythmic simplification after 1874. Notable is the use of in his last three symphonies. Only the has , and percussion besides timpani though legend has it the is supposed to have a crash at the exact moment Wagner died.

Anton Bruckner: A Life

Despite the difficult situation, Bruckner never complained or rebelled; a belief in his own inferiority was to remain one of Bruckner's main personal traits during his whole life. Symphonie Es-Dur: Finale von 1878. The first versions of Bruckner's symphonies often presented an instrumental, contrapuntal and rhythmic complexity , use of , the originality of which has not been understood and which were considered unperformable by the musicians.
