This title is a classic work on social reform. The primary mission of the JEI is to present articles that use and develop the core ideas of institutional economics in discussions of current economic problems and policy alternatives. It is an account of the origins and development of community action from its beginnings in the Ford Foundation Gray Area Programs and the President's Committee on Juvenile Delinquency, through the rise and decline of the War on Poverty and the Model Cities program.

Review: [Untitled] on JSTOR

Distinguished by an analysis of the major critics of community action, the book provides a balanced perspective of the movement against its many foes. Atherton Press, 70 Fifth Avenue, New York 10011, 1967, 248 pp.

Dilemmas of social reform; poverty and community action in the United States, 2d ed. They describe the realities of reform and point up how the conservatism of bureaucracy, the rivalries among political and administrative jurisdictions, and the apathy of the poor have often hindered national and local efforts.
